NOTICE.

THE great expense and trouble which necessarily attend the publication of so elaborate a work as the *NEW NAVY LIST*, render it desirable that the Compiler should ascertain with tolerable certainty, the amount of permanent support on which he may rely, not only to reimburse him for his outlay and trouble, but to enable him to decide on the proper number of books to print in order to supply the demand for each Quarter. To attain that object, it has been suggested to him by several of his brother Officers and friends to the work, that the best plan would be to open a subscription list.

The Work will appear Quarterly, on the 1st of February,—1st of May,—1st of August, and 1st of November; and the Compiler will be glad to receive the names of subscribers addressed to him at his Publishers', Messrs. *SIMPKIN, MARSHALL, and Co.*, or to *JOHN COPLAND, Esq.*, 22, Surry Street, Strand; stating whether they desire to become subscribers for the whole series, or for specific quarters only.

The Compiler again requests those officers whose services have not yet been noticed to furnish them, and he solicits the Mates attached to the several ships in commission to supply him with a correct list of the officers of that rank employed in each ship, just before the work goes to press in each quarter.

Notices of service will be too late for insertion if not forwarded before the 1st, and corrections before the 20th, of the month previous to the date of publication; but it is necessary to state, to prevent disappointment, that no communication can be received, particularly foreign ones, unless pre-paid.

MATES OF THE NAVY.

[For War Services of Mates, see page 194.]

Admiralty, 12th August, 1840.

All Midshipmen who shall have passed such Examination respecting their Qualifications for the appointment of Lieutenant as the Lords Commissioners of the Admiralty may from time to time direct, (if abroad, for Seamanship and Navigation, and if at home also at the Royal Naval College), shall be considered eligible to have Warrants or Commissions as Mates in whatever Ship they may be serving; such Warrant or Commission will be given by the Lords Commissioners of the Admiralty, upon the recommendation of the Commanding Officer of the Ship in which the person may be serving, transmitted by the Commander-in-Chief or Senior Officer on the Station.

During their first three years of actual service as Mates in the Royal Navy they will take Rank with Ensigns in the Army, and after three years' service with Lieutenants in the Army, according to their seniority as Mates, to be computed from the dates of their original Warrants from their respective Captains, under the former regulations in respect to Mates.

Commanders-in-Chief on Foreign Stations may give Acting Warrants as Mates to such Midshipmen as may pass abroad for Seamanship and Navigation, which Warrants will be confirmed from their original dates if approved by their Lordships, provided they pass their examination at the Royal Naval College in two months after their arrival in England; but no person appointed to act as Mate or as Lieutenant is to be sent home from a Foreign Station for the purpose of passing such examination.

PAY WHEN UNEMPLOYED.

Two Shillings and Sixpence a day, when unable to obtain employment in Her Majesty's Service provided their conduct during service shall have been satisfactory, and provided they do not decline, or avoid service when called upon.

The Lords Commissioners of the Admiralty are empowered to allow any Mate to retire from the service, with a Pension of Two Shillings and Sixpence a day after Twenty Years' actual Service, during Ten Years of which he must have held the rating of Mate.

UNIFORM.

The same Uniform and Appointments as Lieutenants, but without the epaulette and strap, or gold lace on the trousers. The lace on the coat is to be three-quarters of an inch wide.

UNDRESS UNIFORM.

The same as Lieutenants, without the epaulette and strap.

Admiralty, Feb. 10th, 1841.

My Lords Commissioners of the Admiralty are pleased to direct that no Mate shall be allowed Half-Pay without having been previously surveyed and reported unfit by the Inspector General, or the Officers of one of the Naval Hospitals at home. The Medical Officers are therefore to report particularly in each case the probable period at which the Invalid may be again fit for employment; and at the expiration of such period the Mate is to report himself to their Lordships, in order that, if he should state himself to be still unable to serve, proper measures may be taken to ascertain his continued unfitness; after which, should he be declared fit for employment and still withhold his services, his Half-pay is to be resipited.

Mates who may apply for the retiring pension of two shillings and sixpence a day after twenty years' actual service, will not be re-admitted after having accepted such Pension.

By Command of their Lordships, R. MORE O'FERRALL.

No Cadet will receive a Commission unless he is able to go through, at least, the Examination now required, together with the short course of theoretical and practical Gunnery now established in the "Excellent," with a knowledge of the Great Gun Exercise, the use of the Sextant, nor unless he has acquired a competent knowledge of Field Fortification and Mechanical Drawing.

3. Cadets will not be permitted to remain more than two years on board the "Excellent," or at the College, unless they have passed their final examination; but they will, during the second year of the Cadetship, provided they can pass the requisite examination, be eligible for such Commissions as may become vacant during that year. If appointments are made before the examination at the end of the second year, the half-yearly examination immediately previous to the occurrence of the vacancy shall be the test of ability; but in all cases the Candidate must have reached the points fixed in paragraph numbered 2, to entitle him to an appointment, and will be placed on the List of Officers according to the ability shown at such examination.

No Cadet will be allowed to proceed to the College until he has passed through the whole plan of instruction laid down for Marine Cadets in the "Excellent," and he will not be received at the College unless he produces a Certificate of good conduct from the Captain of the "Excellent."

All the Examinations proposed are to be carried on by the Professor at the Royal Naval College under the direction of the Captain of the "Excellent."

4. Cadets during the first year of their appointment will not be eligible for a Commission if there are any Cadets in their second year who can pass the requisite Examination.

5. Cadets are to be subject to Naval discipline, to receive the same pay as Mates, to mess with them, and to be considered in all respects as Quarter Deck Petty Officers.

6. Cadets are to wear the Dress Coat of the Corps of Royal Marines, without lace, ornament, or epaulette, in lieu of which they are to wear Shoulder Straps of plain gold cord, Trousers according to Regulations, and Dress Cap.

7. In undress they are to wear the Blue Frock Coat of the Corps, without Shoulder Straps, Grey Cloth Trousers, or White Drill Trousers, according to Regulations.

Forage Cap with cover.

Plan of Examination of Candidates previous to admission as Marine Cadets on board her Majesty's Ship "Excellent."

2nd Half-yearly Examination:—

INSPECTOR-GENERAL OF NAVAL HOSPITALS AND FLEET.

Sir William Burnett, M.D., Kt. K.C.H., F.R.S.

Admiralty, 7th May, 1830.

Notice is hereby given to the Medical Officers of the Royal Navy, that Sir Gilbert Blane, Bart., first Physician to his Majesty, and formerly Member of the Board for Sick and Wounded Seamen, with the concurrence and approbation of the Lords Commissioners of the Admiralty, has, for the encouragement of Naval Medical Science, and the excitement of an emulation that may conduce to the interests of an important branch of the public service, established a Fund in perpetuity, for the purpose of providing the means of conferring a gold medal, once in every two years, on such two Medical Officers, whether Surgeons, or Assistant-Surgeons acting as Surgeons, as shall produce the most approved journals of their practice, whilst actually serving in King's Ships.

The selection of the journals will, in the first instance, be made by the Medical Commissioners of the Victualling Board, on the 12th of August, 1831, and will consist of not more than ten, nor less than five, of those journals delivered into office between the 12th of July, 1827, and the 12th of July, 1831; and the subsequent selections will be made from those delivered within the period of every two succeeding years; and the adjudication of the medals will, during the life of Sir Gilbert Blane, be made by him, and will subsequently be vested in the Senior Medical Commissioner, the President of the College of Physicians, and the President of the College of Surgeons, London.

Her Majesty's Navy and Royal Marine Forces cannot receive their half-pay for any period during which they may be absent from this kingdom without leave; and that officers who may wish to remain abroad beyond their original leave, should take care to apply for a renewal thereof in due time, (stating the date their last letter of leave bore,) so that such application may be received prior to the expiration of the former leave, as (unless very special circumstances can be stated in any particular case) no half-pay can be paid for any period of absence abroad which shall not be covered by leave.

All applications, either for original leave, or for a renewal thereof, whether made through agent, or otherwise, must be written by the officer himself, and addressed to the Secretary of the Admiralty.

Admiralty, 20th December, 1838.

Her Majesty having been graciously pleased to sanction, by Order in Council of July 8th, 1838, the establishment of further means of scientific education for a certain number of Officers and Mates of Her Majesty's Naval Service, under such regulations as the Lords Commissioners of the Admiralty may frame from time to time.

Their Lordships have directed that for this object—Thirty additional Mates, who have passed both the Examination in Seamanship and in Navigation, shall be borne on the books of the "*Excellent*."

They will receive Sea-pay, and be in all respects under Naval discipline; but they will receive the usual allowance instead of being victualled, and be lodged in the Royal Naval College. Any further expense will be defrayed by themselves.

They will be selected from such as have passed the Ordinary Examination on board the "*Excellent*," and a preference will be given to those who shall have passed the best Examination.

They will receive Instruction at the Royal Navy College for the space of one year, and then be discharged.

An Examination will take place at the end of every six months.

The Mate who passes the best Examination, provided he produces satisfactory Certificates of character

and professional ability from the Captains with whom he has served, and during the period of his Instruction, will receive a Lieutenant's Commission; provided always he attains a certain fixed degree of proficiency.

A limited number (Ten) of Commissioned Officers of any rank may avail themselves of the instruction thus afforded, for the space of one year. No expense will be incurred on their account; and they will be expected to pass the ordinary examination of the "Excellent" before they are admitted to the Instruction at the Royal Naval College.

By Command of their Lordships, C. WOOD.

The Widows of Boatswains, Gunners, and Carpenters, of the Royal Navy, and Warranted Masters of Naval Vessels, appointed prior to the 30th of June, 1830, will, if otherwise qualified, be entitled to Pensions of 25*l.*: but no Widow of any of the above-named Warrant Officers, who shall have been warranted after that Date, shall have any claim whatever to a Pension.

Art. 3.—The Pensions of all Widows shall commence from the first day of the Month following that in which their Husbands died, provided application be made by the Widow within Twelve Months from the same, otherwise from the time only of such application; and all applications for Pensions must be addressed to the Secretary of the Admiralty.

Art. 4.—The Widows of Officers (except Chaplains) who marry after the 31st of December, 1830, will only be entitled to the Pensions of their respective Classes, in the event of their Husbands having been on the List of Commission or Warrant Officers ten complete years, except the Husband be killed in action, or lose his life in the execution of the Service.

Art. 6.—No Widow shall be entitled to the Pension who has not been married Twelve Months to the Officer by whose right she claims the same, unless the said Officer was *killed or drowned* in the Sea Service; but the Lords Commissioners of the Admiralty may grant the Pension in cases of Officers dying before the expiration of Twelve Months from the time of their Marriage, in such cases as they think proper.

Art. 7.—If any Officer shall marry after the Age of Sixty Years, his Widow shall not be entitled to receive the Pension; or, if being capable of Service, he should, at his own solicitation, be excused from it, being at the time warned that his Widow would thereby forfeit the Pension.

A deposit of 10*l*. per cent. on the whole value of the purchase must be paid down at the time of the sale, and the remainder must be paid within one calendar month from the day of sale, previous to which the purchaser will not be put in possession of the land; and in case of payment not being made within the prescribed period, the sale will be considered void, and the deposit forfeited. On payment of the money, a grant will be made in fee simple to the purchaser at the nominal quit rent of a peppercorn.

3. The land will generally be put up to sale in lots of one square mile or 640 acres.

4. Further details relating to the sale of the Crown Lands in the Australian Colonies must be procured at the Office of the Surveyor General in each respective Province.

5. There are no Crown Lands in South Australia. Information respecting the sale of Lands in that Province may be procured at the Office of the Colonization Commissioners, No. 6, Adelphi-terrace.

EXTRACT OF A LETTER, ADDRESSED TO THE COMPILER, ON EMIGRATION, &c.

SIR,

New South Wales, November 23rd, 1840.

The receipt of one of your new Navy Lists has greatly gratified me, and I trust it will succeed to your most sanguine wishes. I have desired my Agent to subscribe for it, and send me the numbers as they come out.—Civilians are too apt to fancy officers have not seen service who have not been promoted: your publication will remedy this evil.

With natural vanity I wish my services to be tacked to my name; I have condensed it as much as possible, and trust it will not take more room than you can spare. * * *

Like many others on my List, I strove hard for the step in 1828. In despair came to this country to hide my poverty. What I considered my misfortune proved to be the contrary; for, had I got my promotion I was so anxious for, my seven children would have become paupers; with some toil, but not half so much as I endured as Senior-Lieutenant of H. M. Ships, I have amassed Houses, Land and Cattle, &c., to the amount of £10,000,—live in a house I should have made my bow to only if in England; drink my own Vineyard wine, and should feel it the greatest misfortune that could happen, to be called in to command one of the proudest ships that ever bore a pendant. My age forbids the probability I shall ever be called on:—still, I confess, I feel as ambitious as I ever did to be known as an officer who deserved well and had seen service: this your new List effects. You are in communication with many of my brother officers, who, I dare say, are struggling hard to support their families, although the time is gone by to make money rapidly. I do not hesitate to say here is a good field for an energetic man who is not too old; respectable employment may be got for their sons, and their daughters would in all probability marry wealthy men.—To any one who may come, I should be happy to give my advice and assistance, and, it might happen, I might be useful.—There are many Lieutenants in the colony; and I do not know one who has not done well;—great privations and hardships in clearing a farm, but, with half-pay, sure independence.

Should you contemplate giving any opinion on emigration in your work, I shall be most happy to communicate all I know.

I have the honor to be,

Your most obedient Servant,

Lieutenant Royal Navy.

NOTICE.

THE great expense and trouble which necessarily attend the publication of so elaborate a work as the **NEW NAVY LIST**, render it desirable that the Compiler should ascertain with tolerable certainty, the amount of permanent support on which he may rely, not only to reimburse him for his outlay and trouble, but to enable him to decide on the proper number of books to print in order to supply the demand for each Quarter. To attain that object, it has been suggested to him by several of his brother Officers and friends to the work, that the best plan would be to open a subscription list.

The Work will appear Quarterly, on the 1st of February,—1st of May,—1st of August, and 1st of November; and the Compiler will be glad to receive the names of subscribers addressed to him at his Publishers', Messrs. **SIMPKIN, MARSHALL, and Co.**, or to **JOHN COPLAND, Esq.**, 22, Surry Street, Strand; stating whether they desire to become subscribers for the whole series, or for specific quarters only.

The Compiler again requests those officers whose services have not yet been noticed to furnish them.

Notices of service will be too late for insertion if not forwarded before the 1st, and corrections before the 20th, of the month previous to the date of publication; but it is necessary to state, to prevent disappointment, that no communication can be received, particularly foreign ones, unless pre-paid.

MATES OF THE NAVY.

[For War Services of Mates, see page 194.]

Admiralty, 12th August, 1840.

All Midshipmen who shall have passed such Examination respecting their Qualifications for the appointment of Lieutenant as the Lords Commissioners of the Admiralty may from time to time direct, (if abroad, for Seamanship and Navigation, and if at home also at the Royal Naval College), shall be considered eligible to have Warrants or Commissions as Mates in whatever Ship they may be serving; such Warrant or Commission will be given by the Lords Commissioners of the Admiralty, upon the recommendation of the Commanding Officer of the Ship in which the person may be serving, transmitted by the Commander-in-Chief or Senior Officer on the Station.

During their first three years of actual service as Mates in the Royal Navy they will take Rank with Ensigns in the Army, and after three years' service with Lieutenants in the Army, according to their seniority as Mates, to be computed from the dates of their original Warrants from their respective Captains, under the former regulations in respect to Mates.

Commanders-in-Chief on Foreign Stations may give Acting Warrants as Mates to such Midshipmen as may pass abroad for Seamanship and Navigation, which Warrants will be confirmed from their original dates if approved by their Lordships, provided they pass their examination at the Royal Naval College in two months after their arrival in England; but no person appointed to act as Mate or as Lieutenant is to be sent home from a Foreign Station for the purpose of passing such examination.

PAY WHEN UNEMPLOYED.

Two Shillings and Sixpence a day, when unable to obtain employment in Her Majesty's Service provided their conduct during service shall have been satisfactory, and provided they do not decline, or avoid service when called upon.

The Lords Commissioners of the Admiralty are empowered to allow any Mate to retire from the service, with a Pension of Two Shillings and Sixpence a day after Twenty Years' actual Service, during Ten Years of which he must have held the rating of Mate.

UNIFORM.

The same Uniform and Appointments as Lieutenants, but without the epaulette and strap, or gold lace on the trousers. The lace on the coat is to be three-quarters of an inch wide.

UNDRESS UNIFORM.

The same as Lieutenants, without the epaulette and strap.

Admiralty, Feb. 10th, 1841.

My Lords Commissioners of the Admiralty are pleased to direct that no Mate shall be allowed Half-Pay without having been previously surveyed and reported unfit by the Inspector General, or the Officers of one of the Naval Hospitals at home. The Medical Officers are therefore to report particularly in each case the probable period at which the Invalid may be again fit for employment; and at the expiration of such period the Mate is to report himself to their Lordships, in order that, if he should state himself to be still unable to serve, proper measures may be taken to ascertain his continued unfitness; after which, should he be declared fit for employment and still withhold his services, his Half-pay is to be resipited.

Mates who may apply for the retiring pension of two shillings and sixpence a day after twenty years' actual service, will not be re-admitted after having accepted such Pension.

By Command of their Lordships, R. MORE O'FERRALL.

MEDICAL OFFICERS OF THE NAVY.

[For War Services of Medical Officers, see page 195.]

Admiralty, 7th May, 1830.

Notice is hereby given to the Medical Officers of the Royal Navy, that Sir Gilbert Blane, Bart., first Physician to his Majesty, and formerly Member of the Board for Sick and Wounded Seamen, with the concurrence and approbation of the Lords Commissioners of the Admiralty, has, for the encouragement of Naval Medical Science, and the excitement of an emulation that may conduce to the interests of an important branch of the public service, established a Fund in perpetuity, for the purpose of providing the means of conferring a gold medal, once in every two years, on such two Medical Officers, whether Surgeons, or Assistant-Surgeons acting as Surgeons, as shall produce the most approved journals of their practice, whilst actually serving in King's Ships.

The selection of the journals will, in the first instance, be made by the Medical Commissioners of the Victualling Board, on the 12th of August, 1831, and will consist of not more than ten, nor less than five, of those journals delivered into office between the 12th of July, 1827, and the 12th of July, 1831; and the subsequent selections will be made from those delivered within the period of every two succeeding years; and the adjudication of the medals will, during the life of Sir Gilbert Blane, be made by him, and will subsequently be vested in the Senior Medical Commissioner, the President of the College of Physicians, and the President of the College of Surgeons, London.

NAVAL INSTRUCTORS AND SCHOOLMASTERS.

Admiralty, August 12th, 1840.

REGULATIONS FOR THE QUALIFICATION, PAY, AND HALF-PAY OF NAVAL INSTRUCTORS AND SCHOOLMASTERS, ESTABLISHED BY ORDER IN COUNCIL OF THE 22nd DEC. 1836, AND 10th AUGUST, 1840.

No person will be considered eligible for the situation who is under 20 years of age or more than 35. Before any person can hereafter receive an appointment as Schoolmaster in a Ship of the Line or Frigate, will be required to produce a certificate of his age, and testimonials of good character, and to pass an examination as to his qualifications to instruct the young Officers in the following branches:—1st. Common Arithmetic, including Vulgar and Decimal Fractions.—2nd. The first six, the eleventh and twelfth books of Euclid; their application to the measurement of Planes and Solid Bodies.—3rd. Algebra, progressing to the highest order of equations, and its application to the solution of Geometrical Problems.—4th. Plane and Spherical Trigonometry, and the various problems in Surveying, the Measurement of Heights and Distances, Navigation, and Nautical Astronomy, particularly the principles on which the various formulæ for determining the longitude are constructed; and practical astronomy, so far as may be required for determining the latitude and longitude in all cases.—5th. The uses of Mathematical and Nautical Instruments, the Quadrant, Sextant, Compasses, and Chronometers.—6th. The theory of Projectiles, and its application to Gunnery.—7th. The Classics, to such as enter with some knowledge of Latin and Greek.

Although the knowledge of French, as well as of other modern languages, and of the principles of drawing, will not at first be required as indispensable qualifications, it is very desirable that Naval Schoolmasters should be able to give instruction in these branches of education; and preference will always be given to such as possess these attainments.

Schoolmasters established by the abovementioned Orders in Council are to be designated "Naval Instructors and Schoolmasters."

An Examination will take place at the end of every six months.

No expense will be incurred on their account; and they will be expected to pass the ordinary examination of the "Excellent" before they are admitted to the Instruction at the Royal Naval College.
